

McCLAIN'S  
PRINTMAKING SUPPLIES

2023 CATALOG

## McClain's Printmaking Supplies

### Dedicated to the Art and Artists of Relief Printmaking

For over forty years McClain's has imported tools and relief printmaking materials from Japan as well as the supplies for woodcut, linocut, engraving, and monotype printmaking from around the world. Our mission is to give relief printmakers the support they need to reach their printmaking goals.

### Dear Friends,

Last year we held an online print show called "McClain's Daily Companion Exhibit." The theme was sparked by the events of the previous two years and thoughts about the different forms of companionship we had turned to during that time. A huge thank you to every one who participated and made this exhibit an amazing success! We thought that we would be lucky if thirty or forty people sent us a print. Boy, were we wrong! We received 114 prints and are so pleased to know the theme resonated with so many of you. This printmaking community continues to inspire us with your ideas and creativity. To see all of the prints in the exhibit, click on the link at the top of our home page. Then click on any print to see a larger version and to scroll from one print to the next. Eventually the exhibit will permanently migrate to our online Gallery page. It is an amazing group of images and well worth your time.

As has been true for many businesses, navigating supply issues have presented challenges for McClain's. Slower than normal delivery times, accommodating elderly craftsmen and suppliers, finding new sources to take the place of businesses that closed, plus skyrocketing shipping costs have all made this a difficult time and we appreciate your patience.

I know many of you are concerned about the rising cost of shipping supplies from us to you. We also wish shipping were less expensive and we only charge what the carrier charges us plus a small packing fee. Here are some tips and suggestions that can help. • In general, the more you order at one time the better. That's because once the base shipping cost has been paid, additional weight ships for less per pound. • Find other printmakers in your area and go in together on orders so that you can split the shipping. Teachers, we are happy to combine your student's orders and ship them together, splitting the cost of shipping between them. Further details can be found at [imcclains.com/educators.html](http://imcclains.com/educators.html). • Paper is one of the more expensive items we ship since carriers base their rates on the size of the box as well as its weight. So when you order paper, order as much as you can at one time to spread out that shipping cost. • Finally, place your order as soon as possible. The longer you wait, the closer your deadline, the more you will need to pay in shipping, so order early and let us use the least expensive shipping choice for you.

We continue to enjoy helping you over the phone or by email with your printmaking challenges, whatever those may be. It's the best part of our job! So don't hesitate to contact us with any questions, stumbling blocks or ideas you might have and we promise to do our best to help.

Have a great year, keep making prints and thank you from the bottom of our hearts for your continuing support. You are the best!

Sincerely,  
Bella, Christin, Alex, Ally and Daniel

## About the Cover Artist

*Medicine for a Fallow Moon*  
17 x 13 color reductive woodcut

**Bridget Mary Henry**  
Santa Cruz, CA

[bridgetmaryhenry.com](http://bridgetmaryhenry.com)  
[etsy.com/shop/BridgetMaryHenry](https://etsy.com/shop/BridgetMaryHenry)

Bridget Henry is a Santa Cruz, California-based printmaker who runs her own print shop. She received her Bachelor of Arts degree from the University of California Santa Cruz, where she currently works as a Lecturer and Staff Research Associate.

Bridget has exhibited her print animations at the Portland Museum of Art, in Portland, OR; the Museum of Art and History, in Santa Cruz, CA; and the Center for Book Arts in New York City and won first place for her animated poem "Omens" in the 2022 Deanna Tulley Multimedia Contest.

Bridget recently exhibited her print-based work in a show titled "Alma Sagrada" at the Pajaro Arts Gallery in Watsonville, California. The work shown was from a body of work that reflects on feelings of homesickness for a world altered by climate change. She is a recent grant recipient of the California Relief Fund for Artists and Cultural Practitioners.

## Join McClain's Gallery

We accept woodblock prints, linocuts, wood engravings, monotypes and monoprints to show in our catalog and online gallery. Artists are given recognition but there is no payment. The copyrights to all images belong to their respective artists. McClain's will not use the submitted art for any purpose other than display in our catalog, Instagram account or on our website without written permission and we will not release the material in whole or part to any person or company. McClain's reserves the right to decide which prints to accept for publication.

One print per person please. Choose the format easiest for you:

- **Photos:** Photos made with a Smartphone or digital camera usually work well. Be sure the image is square and meets the size requirements.
- **Scanned images:** label the file with your last name, the title and save as a jpg. Resolution: 72dpi. Size: 1000 x 1000 pixels (14" x 14" or 35.5 x 35.5cm) maximum.

Email scanned files to [mail@imcclains.com](mailto:mail@imcclains.com) or copy to a USB drive and send to McClain's, PO Box 230759, Tigard, OR 97281-0759, USA.

- **Prints:** We are happy to return original prints that arrive with a stamped, self-addressed padded envelope. Otherwise, these prints are saved and may be shown at schools and workshops.

**IMPORTANT:** Please tell us your name and the city and state where you live; the title of the print; the size of the image; the technique used; and your email, social media account or website address (optional).

Thank you very much for sharing your work!

Browse and order online 24 hours a day. New products and sale items appear throughout the year. Check for current prices. Find information sheets, tips, tutorials and how to's about our products and woodblock printmaking techniques.

## Japanese Pronunciation Guide

### Consonants

Japanese consonant sounds are pronounced pretty much the same as English consonants with the exception of the letter "r." Try placing the tongue softly just behind the teeth, as if you were saying "la," and make a sound half way between *r* and *l*. It should take hardly any effort to say. The "r" in the word "baren" uses this sound.

### Vowels

While English has at least eighteen vowel sounds, Japanese has only five:

a	i	u	e	o
"ah"	"ee"	"oo"	"eh"	"oh"

So the word "moku hanga," the Japanese word for woodblock print, is pronounced "moh-koo hahn-gah."

## Metric Conversions

Japan uses the metric system, so sizes for most of the supplies from that country are metric. All other measurements in the catalog are in inches. The rulers below will help you convert from inches to millimeters.

# Blocks and Plates

Shina Plywood ArtPrint Linoleum Gomuban Scratch Foam Monotype Plates

## Shina Plywood

This fine-grained plywood comes from Hokkaido, the northernmost island in Japan. Shina feels virtually grainless as you carve it and it is dense enough to hold sharp edges through many printings.

A very thin layer of glue is used between the Shina plies, so compared to most plywoods, these blocks will feel more like solid wood as you carve them. Also, because the glue is thin, tools stay sharp longer.

### 3/8" or 1/4" Plywood Comparison

- Because it is thicker, 3/8" is less apt to warp
- 3/8" can be safely carved on both sides
- If the block is to be carved on both sides, 3/8" is more economical
- If the block is to be carved on just one side, 1/4" is more economical
- Because it is thinner 1/4" is easier to print on an etching press

If you plan to carve both sides of a block, tape a sheet of heavy paper to the side not being cut. This will protect it from dents and scratches while you carve the top side.

**Grain** On standard sizes, the wood grain on the block runs parallel with the longest dimension. Custom blocks can be cut with the grain running parallel to the short dimension.

**Storing** To prevent warping, store blocks horizontally in a dry place, away from heat.

## 1/4" Shina Plywood

(five plies of Shina)

		1-11 each	12+ each
D1260	4" x 6"	\$2.25	\$2.14
D1261	6" x 8"	\$4.35	\$4.13
D1262	8" x 10"	\$7.40	\$7.03

## Cherry Plywood

A northwest craftsman makes our Cherry Plywood blocks by mounting a 1/8" thick veneer cut from cherry planks to a 12mm (almost 1/2") plywood substrate. This keeps the cherry veneer stable so it does not warp. The total height is 16mm (5/8"). The cherry veneer has been planed to a smooth surface, ready to be carved.

The cherry veneer is free from knots or blemishes. The grain of the veneer runs parallel to the longest dimension.

At the time this catalog was published, blocks up to 9" x 12" were available; we are working with the craftsman on making larger sizes. Please check our website at [imccains.com/catalog/blocks/cherry](http://imccains.com/catalog/blocks/cherry) for updates.

Custom sizes are not available. However we can cut larger blocks down to smaller sizes for you. The saw blade removes approximately 1/8" of wood with each cut. The price is \$0.25 per cut.

**SAVE 5%** Receive a 5% discount on orders of 12 or more of the same size of Cherry Plywood blocks. There are no discounts on custom size orders.

<b>L1413</b>	9" x 12"	<b>\$34.10</b>	<b>\$32.40</b>

Looking for larger sizes? Please check the website.

## Unmounted ArtPrint Linoleum

ArtPrint Linoleum is made specifically for printmaking. Unmounted linoleum is almost 1/8" or 3mm thick. Custom sizes can be cut for a small additional charge. The minimum charge for a custom cut is \$1.00 and there are no returns or refunds on custom sizes. Allow up to one week for custom blocks and large orders to be shipped.

**SAVE 5%** Receive a 5% discount on orders of 12 or more of the same standard size of Unmounted ArtPrint Linoleum. There are no discounts on custom size orders.

		I-11 each	12+ each

### Free Samples

If you have not tried carving Shina, ArtPrint Linoleum or Gomuban, and you live in the U.S., we will be happy to send you a small complimentary sample at no charge. Please call 800-832-4264 or email your name and address to [mail@imccains.com](mailto:mail@imccains.com).

## Mounted ArtPrint Linoleum

ArtPrint Linoleum is made in the Netherlands specifically for printmaking. It is stiff enough to hold fine detail and easily carved with any of McClain's woodblock carving tools. Keep a Leather Honing Block (page 11) handy because carving linoleum dulls tools faster than wood. Mounted ArtPrint Linoleum is permanently bonded to a high quality MDF substrate chosen for its uniform thickness. The even surface is a favorite of letterpress printers. The mounted blocks are 5/8" tall. To prevent warping, blocks should be cleaned after use and stored flat in a dry place.

**SAVE 5%** Receive a 5% discount on orders of 12 or more of the same size of Mounted ArtPrint Linoleum blocks.

		I-11 each	12+ each
<b>L1610</b>	4" x 6"	<b>\$2.80</b>	<b>\$2.66</b>
<b>L1611</b>	6" x 8"	<b>\$5.45</b>	<b>\$5.18</b>
<b>L1612</b>	8" x 10"	<b>\$9.30</b>	<b>\$8.84</b>
<b>L1613</b>	9" x 12"	<b>\$12.45</b>	<b>\$11.83</b>
<b>L1614</b>	12" x 16"	<b>\$22.00</b>	<b>\$20.90</b>
<b>L1618</b>	18" x 24"	<b>\$49.80</b>	<b>\$47.31</b>

## Gomuban

rubber plate

This firm, easy to carve, vinyl-rubber plate is used extensively in Japanese classrooms. Compared to softer rubber plates, Gomuban is just as easy to carve, but because it is firmer, it does not deform as it is being carved and it holds very fine details and crisp edges even under pressure from a press.

**SAVE 5%**

Receive a 5% discount on 12 or more plates.

		I-11 each	12+ each

## Scratch Foam

Make marks on this flat, dense foam sheet with simple objects such as pencils, ballpoint pens or kitchen tools. No special technique is required. Just draw into the surface and print. Print with either oil- or water-based inks. A great first step for beginning printmakers, fun for experienced artists and safe for kids.

<b>D1800</b>	9" x 12" pack of 12	<b>\$10.95</b>
--------------	---------------------	----------------

## Monotype Plates

These polycarbonate plates are .762mm thick (0.030" or less than 1/32") and can print onto dry paper on a press without buckling or tearing the paper.

**SAVE 5%** Receive a 5% discount on orders of 12 or more of the same size Monotype plates.

## Red Double-Sided Carbon Paper

Carbon paper is often used to trace drawings onto the block. This red carbon paper is so juicy that it can be used over and over again. Imported from Japan.

<b>E4510</b>	9" x 12.5" pack of 10	<b>\$8.95</b>
<b>E4511</b>	9" x 12.5" pack of 100 <b>Save 5%</b>	<b>\$85.00</b>

## Polyfilm Tracing Sheet

Trace your drawing onto the matte side with a pencil or pen. Flip the Polyfilm over, place it shiny side up on carbon paper and trace the image onto the block. Polyfilm is waterproof and will not tear.

<b>P7035</b>	18" x 24" pack of 10	<b>\$19.95</b>
<b>P7036</b>	18" x 24" pack of 100 <b>Save 5%</b>	<b>\$189.50</b>

## Ink Jet Transfer Paper

Images printed from an inkjet printer onto this double sided paper will transfer cleanly to absorbent surfaces like wood, linoleum or paper. It does not work on hard, non-porous surfaces like Gomuban or Resingrave.

<b>E4515</b>	8.5" x 11" pack of 10	<b>\$3.99</b>
<b>E4516</b>	12" x 15" pack of 10	<b>\$6.99</b>

## Bench Hooks

Keep your hands safe! Bench Hooks hold the block securely so you can keep both hands on the tool and out of harm's way. Bench Hooks are made from 3/8" thick plywood. The end boards are both glued and nailed for durability. The opening at the top allows blocks to be placed at any angle for easy carving.

### Vertical Bench Hook

<b>E5009</b>	9" x 12" (shown)	<b>\$16.00</b>
<b>E5012</b>	12" x 16"	<b>\$18.75</b>

# Engraving Tools

Angle Tints   Elliptic Tints   Gravers   Stippling Tool   Burins   Multiple Line Tools   Sandbags   Sharpener

## Six Engraving Tool Set

An excellent beginner's set assembled with guidance from Carl Montford, master engraver and teacher in Seattle, WA.

**Save 10%**

**C3900** (\$107.06) **\$96.36**

#4 Angle Tint, #2 Elliptic Tint, #54 Round Graver, #40 Flat Graver, #46 Flat Graver, #4 Lozenge Burin

## Leather Engraver's Sandbags

Blocks are traditionally carved holding the tool steady and moving the block under the tool. Place the block on a stack of Engraver's Sandbags to boost it up for comfortable carving and easy movement.

**C3000** 5.5" diameter **\$21.00**

**C3001** 9" diameter **\$28.00**

Stone not included, see page 11

## Crocker Sharpener

A precision jig with adjustments for both pitch and angle, the Crocker Sharpener holds tools firmly in position on the stone. The result is clean, razor-sharp edges on the blades, something virtually impossible to achieve holding the tool against the stone with your fingers.

**C3500** **\$62.60**

## Update on Resingrave

The person who manufactured Resingrave has retired. We are currently looking for a replacement engraving material.

## Engraving Tools

Use these tools to carve synthetic and wood engraving blocks. The higher the size number, the broader the tip and the wider the mark the tool makes. Engraving tools come from the manufacturer "factory sharp" and need to be sharpened before they will carve their best. A Crocker Sharpener (below) is highly recommended for putting the sharpest edge possible on these tools.

### Angle Tints

# Japanese Carving Tools

Futatsu Wari Moku Hanga To   Moku Hanga Nomi   Mallets   Josei Moku Hanga To   Namisei Moku Hanga To   Tool Sets

## Futatsu Wari Moku Hanga To

two part woodblock carving tools

Made by master craftsmen in Japan using techniques passed down for generations, these hand-forged blades are some of the only tools in the world designed specifically to carve *yama sakura*, the hard mountain cherry traditionally used for Moku Hanga. The material choice, blade geometry, bevel angle and handle design all reflect this legacy of artisans honing their craft for centuries.

Futatsu Wari blades are made of high-carbon steel forge-welded by hand to wrought iron, which provides both an extremely sharp cutting edge and a tool that can be easily sharpened. Compared to Josei or Namisei tools, these blades are more robust and they work exceptionally well on any carving substrate from hardwoods like cherry to softer woods like Shina plywood. Komasuki have a deeper U shape compared to Maru To and Aisuki have a bull-nose or fan shaped tip so they glide more easily through wood compared to Hira To. The blades are approximately 8cm (3 1/8") in length and are designed to be re-sharpened, repositioned, and eventually replaced.

Futatsu Wari handles are made of *kaba* (birch). The brass ferrule can be removed, allowing the handle to swivel open to reveal the blade within. The brass ferrule on the Hangi To can also be removed so the blade will slip out of the groove that holds it in place. The total length of the assembled tool is approximately 12.5cm (5") and the end of the handle is rounded to fit comfortably into the hand when held in the traditional Japanese two-handed grip (see upper left).

### Hangi To

knife, right- or left-handed

C1811R	C1811L	1.5 mm	\$39.30
C1813R	C1813L	3.0 mm	\$39.30
C1814R	C1814L	4.5 mm	\$42.90
C1816R	C1816L	6.0 mm	\$46.45
C1817R	C1817L	7.5 mm	\$56.75
C1819R	C1819L	9.0 mm	\$62.00

The craftsmen are gradually switching to round ferrules on all of the tools so please do not be surprised if the ferrule on your new tool is round.

## Replacement Blades

for Futatsu Wari Moku Hanga To

Replacement blades are designed to fit into Futatsu Wari Moku Hanga To handles. Do-it-yourself instructions can be found in the Learning Center on our website or return the tool to us and we will be happy to fit a new blade into the handle for you for free.

## Moku Hanga Nomi

woodblock carving chisels and gouges

**Moku Hanga Nomi**  
top to bottom:  
Fukagata Maru Nomi  
Asagata Maru Nomi  
Soai Nomi  
Kento Nomi

The blades of Nomi tools are made of the highest quality hand-forged steel, and the handles are lacquered *kashi* (Japanese oak), one of the strongest and most durable woods grown in Japan.

Maru Nomi (u-gouges) and Soai Nomi (chisels) are designed specifically for cutting cherry blocks used in Moku Hanga and are excellent for clearing non-image areas with speed and efficiency. While these tools resemble sculptural chisels, their blade geometry and bevel angle are fashioned to perform exacting maneuvers on the flat, horizontal surface of a printing block.

Maru and Soai Nomi are the only tools traditionally used with a *kizuchi* (wooden mallet). The metal ring at the base of the tool preserves the handle when it is tapped with a mallet. They measure approximately 21cm (8¼") in length.

Kento Nomi is a specialized tool designed to make *kento* (registration marks) by hand. In the days of Ukiyo-e printmaking, this was the only tool used by the printer instead of the carver. The length is approximately 16.7cm (6").

## Tosai's Seven Tool Set **SAVE 10%**

**Futatsu Wari Moku Hanga To:**  
9mm Komusuki  
6mm Komusuki  
3mm Komusuki (u-gouge)  
6mm Aisuki (chisel)  
6mm Hangi To (knife)  
**Josei Moku Hanga To:**  
15mm Hira To (chisel)  
18mm Maru To (u-gouge)

This combination of large and small hand-forged professional quality tools chosen by Moku Hanga teacher and artist Richard Steiner of Kyoto, Japan is an excellent foundation set for anyone serious about woodblock printmaking. Includes a canvas tool carrier to protect the tools. No substitutions on tool sizes or shapes. Available with either a left- or a right-handed Hangi To (knife).

### Tosai's Seven Tool Set

<b>C2894R</b>	Right-Handed	<b>\$358.33</b>	<b>\$322.50</b>
<b>C2894L</b>	Left-Handed	<b>\$358.33</b>	<b>\$322.50</b>

## Professional Six Tool Set **SAVE 10%**

**Futatsu Wari Moku Hanga To:**  
1.5mm Komusuki  
3.0mm Komusuki  
6.0mm Komusuki  
4.5mm Aisuki  
3.0mm Sankaku To  
4.5mm Hangi To

The professional quality Futatsu Wari hand-forged tools in this set are all of the basic tools you need for carving smaller blocks or details on larger blocks. Available with either a left- or right-handed Hangi To (knife). Packaged in a metal box to protect the tools. No substitutions on tool sizes or shapes.

### Professional Six Tool Set

<b>C2892R</b>	Right-Handed	<b>\$270.50</b>	<b>\$243.45</b>
<b>C2892L</b>	Left-Handed	<b>\$270.50</b>	<b>\$243.45</b>

## Kizuchi

wood mallet

Hand-crafted from *kashi* (Japanese oak) these wooden mallets are used to tap metal-ringed Nomi chisels through the wood. The Deluxe Mallet is heavier and more finely crafted; it also includes a wedge which can be driven further into the handle to tighten the head should it loosen with use. These mallets are well balanced and have a hole in the handle for hanging.

Deluxe and Standard Mallets

width x diameter x length

<b>M4012</b>	Deluxe, 4" x 1.75" x 14"	<b>\$38.95</b>
<b>M4021</b>	Standard, large, 5.5" x 1.8" x 13.25"	<b>\$18.80</b>
<b>M4022</b>	Standard, small, 4" x 1.4" x 11.75"	<b>\$12.70</b>

## Josei Moku Hanga To

superior quality woodblock carving tools

Josei Moku Hanga To are hand-made using the same techniques as our Futatsu Wari tools. The blades are hand-forged, high-carbon steel laminated to wrought iron and are the same 8cm (3 1/8") length as their professional counterparts. The differences come from their intended purposes. The bevel angle on Josei and Namisei tools can be changed to perform a wide range of carving techniques including three-dimensional work and high relief. Like the Futatsu Wari tools, the craftsmen have given our tools a shallow bevel angle intended for carving wood that is resting on a horizontal surface.

Josei tools also come in the widest range of blade design and sizes.

The long handles of the Josei tools are made of *honoki* (silver magnolia) which can be shortened to suit different carving practices. The blade geometry of these tools is slightly different from Futatsu Wari tools to reflect their intended use in a variety of applications. The shape of the u-gouge is more shallow and the chisel is square at the tip, compared to the deeper shape of the u-gouge and the rounded bull-nose chisel blade on the Futatsu Wari tools.

A Josei tool's usable blade extends well into the handle, and as the tool is sharpened over its lifetime it will become shorter. The handle can then be whittled down to expose more usable blade, the same way a pencil is sharpened.

Many carvers cut down the handles of Josei and Namisei tools so they fit comfortably in the hand; see the facing page for instructions.

Total length is approximately 21cm (8 1/4"). Made for hand carving only, not for use with a mallet which will damage the handle.

## Magari Moku Hanga To

Bent neck tools are made to be held in a clenched fist or like a pencil, instead of the traditional ways of holding tools. Sizes and prices available at [imcclains.com/catalog/woodblocktools/josei.html](http://imcclains.com/catalog/woodblocktools/josei.html)

**Magari Sho To**  
bent neck knife, 1.5mm to 24.0mm

**Magari Maru To**  
bent neck u-gouge, 1.5mm to 24mm

**Magari Hira To**  
bent neck chisel, 1.5mm to 24mm

**Ryo Ba**  
double edged knife or chisel, 3.0mm to 18.0mm

## Namisei Moku Hanga To

standard quality woodblock carving tools

Namisei tools are indistinguishable from Josei Moku Hanga To in many ways; the handle design is identical, they are made of high-carbon steel forge-welded to wrought iron, and the blade geometry is virtually identical. The difference is the steel in Namisei tools is machine-forged instead of hand-forged. Namisei tools are also marked with a "C" at the base of the handle to distinguish them from their Josei counterparts. Namisei tools have an 8cm (3 1/8") usable blade mounted in their handles, which can be sharpened many times before the handle needs to be whittled down to expose more usable blade.

Total length is approximately 21cm (8 1/4"). Made for hand carving only, not for use with a mallet which will damage the handle.

### Custom Fit the Tools to Your Hand

Many carvers cut down the long handles on Josei and Namisei Moku Hanga To so the tools fit comfortably in their hand. Measure from the tip of your longest finger to the web between the index finger and thumb. Cut the handle so the whole tool, from the tip of the blade to the end of the handle, is this length.

## NT Stencil Cutter

Designed for cutting paper stencils and other delicate work, some carvers prefer Stencil Cutters instead of knives for carving blocks. The cutter comes with ten blades, five at 45° and five at 30° angles. Imported from Japan.

Top: 45° blade  
Bottom: 30° blade

<b>C2840</b>	NT Stencil Cutter Set	<b>\$10.35</b>
<b>C2841</b>	45° replacement blades, 40/box	<b>\$4.28</b>
<b>C2842</b>	30° replacement blades, 40/box	<b>\$4.28</b>

## Canvas Tool Carrier

The carriers hold up to twenty tools and/or brushes. The large size is especially useful for carrying long handled tools and chisels. The small carrier holds short-handled tools. Made in Japan.

# Sharpening

Honing Toishi:Water Sharpening Stones Natural Stones Oil Stones Magnifier

## Honing Block and Honing Compound

A few strokes on leather polishes the steel, keeping your tools in top shape and carving smoothly, without any danger of changing the shape of the bevel. Made of leather glued to a wood base. Honing Compound rubbed into the leather helps polish the blade fast.

**Highly recommended.**

<b>S3430</b>	Cow Hide Honing Block, 4" x 6"	<b>\$11.50</b>
<b>S3425</b>	Honing Compound, 5" long	<b>\$9.50</b>

## Natural Toishi:Water Stone

Natural stones are quarried from native fine grained mudstone and within one stone the texture may vary slightly from fine to extra fine. The shape also varies. Natural Toishi create their own creamy lubricating paste readily, so a Nagura Stone (below) is not necessary.

**Lubricate with water, never oil.**

<b>S3002</b>	size varies; approx. 2.25" x 6.25"	<b>\$56.00</b>
--------------	------------------------------------	----------------

## Nagura Stone

A soft, man-made chalk stone. Rub the soft Nagura Stone on any ceramic

Japanese sharpening stone to create a creamy, lubricating paste that improves sharpening action and gives a high polish to the blade.

<b>S3800</b>	Nagura Stone, 7/8" x 3/4" x 2 3/4"	<b>\$4.95</b>
--------------	------------------------------------	---------------

## Ceramic Toishi:Water Stones

The grit of a man-made ceramic stone is very uniform all the way through the stone. Ceramic stones put an edge on blades very quickly.

### Flat Ceramic Toishi

Flat Ceramic stones come in three grits: *shiageto* (fine, on the left in the photo), *chudo* (medium, in the middle), and *arato* (coarse, on the right). Use the *shiageto* stone regularly to keep tools in top condition and the *chudo* stone occasionally when the tool is noticeably dull. The *arato* stone is for grinding out nicks.

**Lubricate with water, never oil.**

<b>S3210</b>	Shiageto (fine: 6000 grit) 2.5" x 7.25"	<b>\$49.95</b>
<b>S3211</b>	Chudo (medium: 1000 grit) 2" x 6"	<b>\$22.50</b>
<b>S3212</b>	Arato (coarse: 240 grit) 2" x 8.25"	<b>\$30.80</b>

### Molded Ceramic Toishi

Pre-formed grooves are made for sharpening u-gouges. The separate slipstone (at top of photo) removes the burr that will form inside u-gouges after the bevel side has been sharpened. Do not sharpen the inside face of your tool with the slipstone; this will create a second bevel and the tool will not carve well. The back of the stone can be used as a flat stone to sharpen any tool shape.

**Lubricate with water, never oil.**

<b>S3421</b>	Molded, Shiageto (fine: 2000 grit) 2.5" x 4.25"	<b>\$39.75</b>
<b>S3422</b>	Molded, Chudo (medium: 1000 grit) 2.5" x 4.25"	<b>\$31.35</b>

## Ceramic Slipstones

Slipstones are shaped for removing the burr that forms inside v-gouges or u-gouges after the bevel has been sharpened. They are medium grit and about four inches long. Use with water or oil.

<b>S3631</b>	Prism, 6 mm	<b>\$14.50</b>
<b>S3636</b>	Cylinder, 6 mm	<b>\$18.75</b>
<b>S3639</b>	Cylinder, 8.0 mm	<b>\$23.35</b>
<b>S3645</b>	Set of 3 <b>Save 10%</b>	<b>\$56.60- \$50.90</b>

## Oil Stones

Recommended for sharpening engraving tools. The 4" round India Combination Stone has a coarse 150 grit side and a fine 400 grit side. To maintain the edge or give the tool face a polished, mirrorlike finish, use the 3" hard 1000+ grit Arkansas Natural Stone. Sharpening Stone Oil lubricates and flushes away dislodged abrasive chips. 4.5 fl oz can.

<b>S3450</b>	India Combination Stone	<b>\$31.95</b>
<b>S3453</b>	Hard Arkansas Natural Stone	<b>\$35.88</b>
<b>S3455</b>	Sharpening Stone Oil (UPS ground shipping, contiguous U.S. only)	<b>\$8.20</b>

## Pocket Loupe

A magnifier or loupe is essential for examining blade tips while sharpening tools. The Pocket Loupe has two lenses that are 1.25" across. The power of each lens is 5 or 10 when they are stacked together. The lenses slip into their own protective case.

<b>E1029</b>	Pocket Loupe	<b>\$12.59</b>
--------------	--------------	----------------

**Professional tool sharpening is available. For information see page 30, call 800-832-4264 or visit [imcclains.com/profservices.html](http://imcclains.com/profservices.html)**

## Work Sharp WS3000®

The Work Sharp WS3000 is a small, tough, motorized sharpener. The Work Sharp can be used to sharpen and hone carving tools, lathe tools, scrapers, putty knives and plane blades quickly and easily. The WS3000 offers three ways to sharpen tools:

**Top Side Sharpening Wheel** The Work Sharp comes with two  $\frac{3}{8}$ " plate glass wheels and sandpaper discs in 4 grits: 120, 400, 1000 and 3600. An optional Leather Honing wheel is recommended.

**Chisel and Plane Iron Port** The Work Sharp sharpens long necked chisels and plane blades up to 2" wide to a perfect 20°, 25°, 30° or 35° bevel angle. Designed for dry sharpening, routed airflow from the motor and a special heatsink design keeps tools from overheating. Note: Except for the Kento Nomi, the blades on the chisels that McClain's sells are too short to be sharpened using the port.

**Edge-Vision™ Sharpening Wheel** Place the tool on the underside of the wheel, and as the wheel spins, you can see through it so you are looking at the cutting edge of tool while you are sharpening it. Works very well for sharpening u-gouges. The Work Sharp comes with slotted abrasives in 3 grits; 80, 400 and 1200.

To see a video of the Work Sharp in action, visit [imcclains.com/catalog/whetstones/worksharp](http://imcclains.com/catalog/whetstones/worksharp).

Top Side Sharpening Wheel, Iron Port

Leather Wheel

Edge-Vision Wheel

### Specifications

Motor: A quiet  $\frac{1}{5}$  HP motor produces a high torque maximum wheel speed of 580 rpm.  
Size: 6.5" wide by 10.25" long by 9" tall  
The Work Sharp WS3000 comes with:

- 2 tempered plate glass wheels and the following grades of sandpaper for these wheels:

- 2 sheets of 120 grit
- 4 sheets of 400 grit
- 4 sheets of 1000 grit
- 1 sheet of Micro-Mesh 3600

- 1 Edge-Vision wheel and the following grades of sandpaper for this wheel:

- 1 sheet of 80 grit
- 2 sheets of 400 grit
- 2 sheets of 1200 grit

- Latex sandpaper eraser

- Instructional DVD and manual written in English, Spanish and French

**S4500 Work Sharp WS3000:** \$279.95  
includes machine, 2 Glass Wheels, 1 Slotted Wheel, and Adhesive Sandpaper as listed to the left.

**S4509 Leather Honing Kit** \$39.95  
includes Tempered Glass Wheel, Leather Strop Disk, Honing Compound and Leather Conditioner

**S4511 Glass Wheel** \$29.95

Abrasive Kits for Glass Wheels:

**S4513 MicroMesh Honing Abrasive Kit :** \$19.95  
includes 1 - 3600 and 1 - 6000 Micro-Mesh Adhesive Disks

**S4514 Fine Abrasive Kit:** includes 4 - 400, 6 - 1000 Adhesive Sandpaper Disks and 2 - 1500 grit 2" squares for the iron port \$19.95

**S4515 Coarse Abrasive Kit:** includes 2 - 80, 2 - 120, 3 - 220 and 2 - 400 grit Adhesive Sandpaper Disks \$19.95

**S4510 Edge-Vision Slotted Wheel** \$29.95

Abrasive Kits for Slotted Wheels:

**S4512 Slotted Wheel Abrasive Kit:** includes 1 - 80, 2 - 400, 2 - 1200, 1 - 6000 grit Slotted Adhesive Sandpaper \$19.95

## Brushes

Hanga Bake Surikomi Bake Maru Bake Mizu Bake

Steiner Mixing Brushes Dosa Bake Magari Mizu Bake

### Hanga Bake printmaking brush

Made entirely from hog hair, these brushes will take the vigorous use necessary to ink blocks quickly. The handles are hand carved from one piece of bamboo and hand sewn onto the cluster of bristles.

B4201	#1, 9 mm (.35")	\$28.00
B4202	#2, 15 mm (.59")	\$33.00
B4203	#3, 24 mm (.94")	\$49.80
B4204	#4, 30 mm (1.18")	\$71.35
B4205	#5, 45 mm (1.77")	\$82.00
B4206	#6, 60 mm (2.36")	\$132.00

### Surikomi Bake stenciling brush

The brush maker uses a mix of deer and hog hair to make the brush both stiff and absorbent. *Surikomi Bake* work very well for Moku Hanga printmaking plus they are economical. The hand carved bamboo handles are hand sewn onto the cluster of bristles.

B4221	#1, 3 mm (.12")	\$4.75	B4226	#6, 18 mm (.71")	\$14.45
B4222	#2, 6 mm (.23")	\$6.60	B4228	#8, 24 mm (.94")	\$20.95
B4223	#3, 9 mm (.35")	\$7.69	B4230	#10, 30 mm (1.18")	\$26.25
B4224	#4, 12 mm (.47")	\$9.45	B4232	#15, 45 mm (1.77")	\$68.95
B4225	#5, 15 mm (.59")	\$11.80	B4234	#20, 60 mm (2.36")	\$76.95

### Maru Bake round cornered brush

These traditional Japanese printmaking brushes are crafted from thick, black horse tail hair set into a wooden back. To prevent streaks in the ink, the bristles must be shaped and split by singeing and then rubbing them on a rough surface (see Dragon Skin, below). Complete instructions are available in the Learning Center at [imcclains.com](http://imcclains.com).

<b>B4211</b>	#1, 4.0 cm x 5.5 cm (1.6" x 2.2")	<b>\$39.00</b>
<b>B4212</b>	#2, 4.9 cm x 6.2 cm (1.9" x 2.4")	<b>\$41.00</b>
<b>B4213</b>	#3, 5.2 cm x 7.6 cm (2" x 3")	<b>\$50.25</b>
<b>B4214</b>	#4, 6.0 cm x 9.1 cm (2.4" x 3.6")	<b>\$66.25</b>
<b>B4215</b>	#5, 6.0 cm x 10.7 cm (2.4" x 4.2")	<b>\$80.75</b>

### Dragon Skin

A substitute for the traditional shark skin, Dragon Skin is used to efficiently split and soften the tips of the stiff hairs on *Maru Bake* and *Hanga Bake* so the ink will spread out smoothly without streaks or lines. The silicon carbide sanding sheet is supported by a plywood base.

<b>E5213</b>	6.5" x 13" board, 4.5" x 11" sheet	<b>\$16.95</b>

### Professional Japanese

#### Mizu Bake water brush

This dense brush holds a great deal of water, so it is fast and easy to dampen paper or apply washes. Unlike wood, the synthetic handle will not split and the brush is made with very dense, high quality Chinese sheep's hair.

<b>B4480</b>	15 cm (5.9" wide x 6 3/4" long)	<b>\$76.35</b>
<b>B4481</b>	18 cm (7" x 6 3/4" long wide )	<b>\$98.55</b>
<b>B4482</b>	21 cm (8.3" x 6 3/4" long wide)	<b>\$129.70</b>

### Economy Mizu Bake water brush

A well made Chinese brush. The handle is wood, with a hole for hanging the brush to dry. The bristles are white Chinese sheep's hair.

<b>B4485</b>	17.5 cm (6.9" wide x 8" long)	<b>\$45.39</b>
<b>B4486</b>	20.5 cm (8.1" wide x 8" long)	<b>\$52.45</b>
<b>B4487</b>	23.5 cm (9.25" wide x 8" long)	<b>\$58.65</b>

### Magari Mizu Bake

#### bent handle water brush

A smaller water brush, made in China. Use to add just a touch of water to a block or to paper. The handle is cedar with a hole for hanging the brush to dry. The bristles are white Chinese sheep hair.

<b>B4493</b>	30 mm (1.2" wide)	<b>\$4.95</b>
<b>B4494</b>	40 mm (1.6" wide)	<b>\$5.75</b>
<b>B4495</b>	50 mm (2" wide)	<b>\$6.75</b>
<b>B4496</b>	60 mm (2.35" wide)	<b>\$7.50</b>
<b>B4497</b>	70 mm (2.75" wide)	<b>\$8.35</b>

### Professional Japanese Dosa Bake sizing brush

Soft, high quality goat hair is sewn into a wooden handle, giving it a longer life span compared to Economy Dosa Bake below. Large brushes are traditionally used to apply sizing to paper. Also useful for watercolor washes.

<b>B4423</b>	30 mm (1.125" wide x 12" long)	<b>\$22.15</b>
<b>B4426</b>	60 mm (2.35" wide x 12" long)	<b>\$39.75</b>
<b>B4429</b>	90 mm (3.5" wide x 12" long)	<b>\$60.75</b>
<b>B4430</b>	120 mm (4.75" wide x 12" long)	<b>\$108.75</b>

### Economy Dosa Bake sizing brush

Made in China from sheep hair, with a metal ferrule nailed onto a lacquered wood handle. Soak in water a few minutes before use to avoid shedding problems.

<b>B4450</b>	2.5 cm x 17.2 cm (1" wide x 6.8" long)	<b>\$3.95</b>
<b>B4451</b>	3.5 cm x 18.4 cm (1.4" wide x 7.2" long)	<b>\$4.45</b>
<b>B4452</b>	4.5 cm x 20.3 cm (1.8" wide x 7.9" long)	<b>\$5.25</b>
<b>B4453</b>	6.3 cm x 21.5 cm (2.5" wide x 6.5" long)	<b>\$6.75</b>
<b>B4454</b>	8.5 cm x 26 cm (3.3" wide x 10.3" long)	<b>\$8.85</b>
<b>B4455</b>	9.3 cm x 29 cm (3.6" wide x 11.5" long)	<b>\$9.85</b>
<b>B4456</b>	11.4 cm x 32 cm (4.5" wide x 12.7" long)	<b>\$11.95</b>

### Steiner Mixing Brushes

These handmade brushes from Japan are specifically designed for mixing and transferring water-based ink from a palette or container onto the block with minimal dripping. The bristles are a mix of sheep and horse hair, and the short handle is designed to keep the brush from flipping out of the ink container. Patented by Richard Steiner.

<b>B4520</b>	Large #20 Flat 10.6mm (5/8" across x 5" long)	<b>\$19.95</b>
<b>B4521</b>	Large #20 Round 10mm (3/8" diameter x 5" long)	<b>\$19.95</b>
<b>B4515</b>	Small #15 Flat 10.2mm (1/2" across x 5.5" long)	<b>\$14.70</b>
<b>B4516</b>	Small #15 Round 8mm (5/16" diameter x 5.5" long)	<b>\$14.70</b>

# Brayers

Japanese Brayers Speedball Brayers Takach Brayers

## Japanese Brayers

When this catalog was published, the Japanese Brayers we used to carry were no longer available. Our supplier in Japan found a new source of brayers that are very similar to the original ones. It will probably be late spring or early summer 2023 before Japanese brayers are back in stock. Please check our website at [imccclains.com/catalog/brayers/index.html](http://imccclains.com/catalog/brayers/index.html) for the latest information. The description below is for the original brayers; it should be close to the description of the new ones as well.

**Prices are approximate and subject to change.**

Japanese Brayers are ideal for relief printmaking. The tough Nitrile rubber is formed on a hard plastic core and held in a sturdy metal frame. Except for 1 1/8" brayers, all of the brayers come apart for cleaning or roller replacement. Replacement rollers are available for all sizes except for the smallest 30 x 45mm size.

45mm diameter rollers roll out 5 1/2" of ink without a lap mark; 50mm rollers roll out 6 1/8" without a lap mark.

Rollers come in two hardnesses, softer 28 durometer and harder 60 durometer rollers. Store long-term away from UV light. Use with oil- or water-based inks. Clean with mineral spirits or wash with a de-greasing soap like Dawn dish washing soap and water.

### Brayer (Roller Plus Handle)

28 dur. (soft)	60 dur. (hard)	width x diameter	
<b>B4800</b>	<b>B4800H</b>	30 x 45 mm (1 1/8" x 1 3/4")	<b>\$45.55</b>
<b>B4801</b>	<b>B4801H</b>	100 x 45 mm (3 13/16" x 1 3/4")	<b>\$71.22</b>
<b>B4802</b>	<b>B4802H</b>	165 x 45 mm (6 1/2" x 1 3/4")	<b>\$85.38</b>
<b>B4803</b>	<b>B4803H</b>	210 x 50 mm (8 1/4" x 1 7/8")	<b>\$94.25</b>
<b>B4804</b>	<b>B4804H</b>	240 x 50 mm (9 1/2" x 1 7/8")	<b>\$99.98</b>

### Replacement Roller ONLY (No Handle)

28 dur. (soft)	60 dur. (hard)	width x diameter	
(Replacement Roller not available for the 30mm x 45mm brayer)			
<b>B4811</b>	<b>B4811H</b>	100 x 45 mm (3 13/16" x 1 3/4")	<b>\$43.44</b>
<b>B4812</b>	<b>B4812H</b>	165 x 45 mm (6 1/2" x 1 3/4")	<b>\$53.40</b>
<b>B4813</b>	<b>B4813H</b>	210 x 50 mm (8 1/4" x 1 7/8")	<b>\$66.78</b>
<b>B4814</b>	<b>B4814H</b>	240 x 50 mm (9 1/2" x 1 7/8")	<b>\$74.55</b>

## Speedball Soft Rubber Brayers

The roller is made from natural gum rubber with a ground finish, attached to a plastic core and held in a steel frame that will not warp as the brayer is being used. The round plastic handle fits easily in your hand. The rollers are 35 durometer hardness and roll out almost 3 3/4" of ink without a lap mark. Use with linseed oil- or water-based inks. Soy oil may make this roller sticky; try dusting with cornstarch or talc after cleaning if this happens. Store away from UV light. Made in the U.S.

	width x diameter	
<b>B4792</b>	2" x 1 3/16"	<b>\$13.95</b>
<b>B4794</b>	4" x 1 3/16"	<b>\$16.85</b>
<b>B4796</b>	6" x 1 3/16"	<b>\$18.95</b>

## Takach Hand Brayers

These are the finest brayers available today. The roller is a blend of natural rubber and Buna Nitrite, which has a longer life span than other materials and maintains a consistent hardness. The rubber is wrapped on an aluminum roller core, then cured, ground and polished.

Self-lubricating bronze bushings are installed in the powder-coated brayer frame to ensure smooth operation. The metal frame forms a stand for the brayer. Try holding the handle upright, perpendicular to the printing block. The pressure from the weight of the brayer will help apply the ink with very little effort.

The 1 3/4" diameter rollers roll out 5 1/2" of ink and 2 1/2" diameter rollers roll out 7 3/4" of ink without a lap mark. 12" and 14" Jumbo Brayers have big 3 1/2" diameter rollers that roll out 11" of ink, providing an 11" x 12" or 11" x 14" square of ink without a lap mark.

The most versatile rubber hardness is 35 durometer. Most printmakers prefer them because their flexibility makes it easy to ink the block evenly and quickly. Hard 60 durometer brayers are preferred for rolling out light applications of ink, avoiding filling in fine details or showing wood grain. Takach Hand Brayers are shipped directly from the manufacturer. The cost of shipping varies depending on weight and destination; average cost ranges from \$15 to \$30 for one brayer going by UPS Ground in the U.S.

Please allow approximately two weeks for delivery.

35 Dur. (medium)	60 Dur. (hard)	width x diameter	
<b>B4931</b>	<b>B4911</b>	2" x 1 3/4"	<b>\$79.00</b>

# Water-based Ink

Holbein Paste Pigments Akua Liquid Pigment Bokuju Tosai's Gouache Set

## Holbein Paste Pigments

Richard Steiner, who received his teacher name Tosai and license to teach Moku Hanga from his teacher Masahiko Tokumitsu, worked with Holbein in Japan to develop this line of pure paste pigments. The colors were chosen to resemble the palette used for 18th and 19th century Japanese Ukiyo-e prints.

Traditionally, Moku Hanga printmakers make their own colors by mixing dry pigments with water and a small amount of alcohol as a dispersant. However dust from handling dry pigments can cause health problems. Holbein Paste Pigments eliminate this concern while providing the same intense, concentrated colors that comes from mixing your own.

Holbein Paste Pigments contain pure color pigments suspended in a base of water, wetting agent and dispersant. Because each pigment requires a different ratio of base ingredients, the amount of pure pigment in each bottle ranges from 30% to 70%. They contain no fillers, binders (such as gum arabic) or toxic chemicals.

Very small amounts of Paste Pigments go a surprisingly long way. Mix a few drops into water until the desired tint is reached. Water also makes Paste Pigments more transparent.

Once Holbein Paste Pigments are completely dry, the ink is non-reversible. Store in air-tight containers and only mix as much as you need for the current project. Clean brushes immediately after printing. Holbein Paste Pigments are non-toxic and a labeled, approved product conforming to ASTM D-4236.

Color samples are approximate.

## Akua Liquid Pigment

Developed for monotype printmaking, Akua Liquid Pigments work well for Moku Hanga, a printing technique that uses brushes to add ink to the block. With modification, Akua Liquid Pigments can also be applied with brayers.

Made with the highest quality, lightfast pigments, pure gum binders and honey. No chalk, fillers, polymers or resins are added to this heavily pigmented ink. Modifiers can be used to change the ink for specific uses. Cleans up quickly with soap and water.

Bottles contain 4oz (119ml) of ink or modifier.

Akua Liquid Pigments are a labeled, approved product conforming to ASTM D 4236.

Color samples are approximate.

## Yasutomo Bokuju

(popularly called Sumi)

Carbon-based, liquid black ink formulated for calligraphy, *sumi-e* painting and printmaking. It is the traditional black ink used by the Ukiyo-e printers.

Bokuju is nontoxic and is a labeled, approved product conforming to ASTM D 4236.

<b>K7270</b>	2 fl oz (70 ml)	<b>\$7.50</b>
<b>K7271</b>	6 fl oz (177.4 ml)	<b>\$10.50</b>
<b>K7273</b>	12 fl oz (354.9 ml)	<b>\$19.15</b>

## Tosai's Gouache Set

This set designed for moku hanga combines Japanese made gouache and Bokuju (see above). Includes ten colors in 10ml (.34 fl oz) tubes: Carmine Red, Permanent Yellow Orange, Lemon Yellow, Leaf Green, Permanent Green Deep, Aqua Blue, Ultramarine Deep, Iris, Yellow Ochre and Burnt Umber. 4 fl oz of black Bokuju completes the set.

This is a labeled, approved product conforming to ASTM D 4236.

## Nori

paste

In Moku Hanga, Nori is used to give the ink body so it will spread evenly over the block. Use for chine collé, book repair, and everyday paper pasting jobs too. Made with cornstarch. Water reversible, acid free, strong, no preservative, does not spoil.

<b>E5414</b>	100 gram jar (less than ½ cup)	<b>\$3.75</b>
<b>E5415</b>	220 gram tube (about 1 cup)	<b>\$6.75</b>

# Getting Started

A checklist of suggested supplies for making either Japanese or western style prints. More information is at our Learning Center on the website. Feel free to call or email if you have questions.

## Image Transfer and Carving

**Available from McClain's**

**Transfer Drawing to the block:** ☐ Polyfilm ☐ Carbon Paper ☐ Inkjet Transfer Paper

**Blocks or Plates:** ☐ Wood Blocks ☐ Linoleum ☐ Gomuban

**Carving:** ☐ Carving Tools ☐ Bench Hook ☐ Tool Carrier ☐ Quickwood

**Sharpening:** ☐ Honing Block and Compound ☐ Sharpening Stones ☐ Pocket Loupe

## Printing Moku Hanga

**Available from McClain's**

**Brushes:** ☐ Mixing Brushes ☐ Printing Brushes ☐ Water Brush ☐ Sizing/Blending Brush

**Ink:** ☐ Bokuju (Sumi) ☐ Holbein Paste Pigments ☐ Akua Liquid Pigments ☐ Gouache ☐ Nori (rice paste)

**Containers for water and ink:** ☐ Cuppers

**Printing Tools:** ☐ Baren ☐ Camellia Oil ☐ Ategami (protective paper)

**Paper:** ☐ Printing Paper ☐ Newsprint ☐ Cutting Mat

**Clean Up:** ☐ Apron ☐ SavvySoap ☐ Nail brush

**Additional Supplies for Moku Hanga**

**Carving:** ☐ Waterproof glue ☐ Magnifying visor or glasses

**Printing:** ☐ Straight edge or long ruler ☐ Utility knife/blades ☐ Spray bottle ☐ Rags, small towels  
☐ Damp Pack: newsprint or blotters, plastic bag ☐ Non-slip mat ☐ Chopsticks for stirring ink  
☐ Baking Parchment Paper (alternative to Ategami)

## Printing Western Style Woodcut or Linocut

**Available from McClain's**

**Brayers:** ☐ Narrow (1/4" - 4") ☐ Wide (6" or more)

**Ink:** ☐ Gamblin Relief Ink ☐ Caligo Safe Wash Relief Ink ☐ Ink Modifiers ☐ Skin Papers ☐ Ink Knives

**Containers for ink:** ☐ Metal Ink Cans

**Printing Tools:** ☐ Baren and Camellia Oil ☐ Ategami (protective paper) ☐ Spot Printer

**Paper:** ☐ Printing Paper ☐ Newsprint ☐ Cutting Mat

**Clean Up:** ☐ Apron ☐ Gloves ☐ Scraper ☐ Skin Barrier Cream ☐ Nail Brush ☐ Gamsol

**Additional Supplies for Western Style Woodcut or Linocut**

**Carving:** ☐ Waterproof glue ☐ Magnifying visor or glasses

**Printing:** ☐ Straight edge or long ruler ☐ Utility knife/blades ☐ Non-slip mat ☐ Wooden spoon  
☐ Large, 3/8" or thicker tempered glass slab with rounded edges  
☐ Baking Parchment Paper (alternative to Ategami)

**Clean Up:** ☐ Dawn dish washing liquid for water-soluble ink like Caligo; mineral or vegetable oil for traditional ink  
☐ Cloth rags, paper towels

# Oil-based Ink

Caligo Safe Wash Relief Ink   Gamblin Relief Ink

## Caligo Safe Wash Relief Ink

- Linseed oil base plus an emulsifier; cleans up with soap and water
- Excellent choice when solvents cannot be used
- Lightfast pigments (Blue Wool Scale 6 or higher)
- Heavily pigmented so a little goes a long way
- Rolls out easily and smoothly, great coverage

Modify like any other linseed oil-based ink. Thin the ink with Caligo Oil, which contains the same emulsifier used in the Caligo Safe Wash colors. Thicken with Gamblin Magnesium Carbonate, use Gamblin Tack Reducer to reduce the tackiness of the ink so it releases easily, speed up drying time with Cranfield Wax Drier.

Skin Papers help keep ink in cans from skinning over. Replace the skin paper after removing ink. Also ink in cans is sold by weight rather than volume so the can size will vary depending on the color.

Color samples are approximate.

--------------	---	--

## Gamblin Relief Ink

- Archival, lightfast pigments in pure burnt linseed plate oil
- No fillers or additives
- Lightfast pigments (Blue Wool Scale 6 or higher)
- High pigment load so a little goes a long way
- Rolls out easily and smoothly, great coverage
- Intense colors, brilliant undertones

While stiff enough to hold fine detail, this low tack, traditional ink is formulated to spread out smoothly and evenly on the block with little or no modification. The dense, saturated colors mean less ink is required to pull a quality print.

All of the pigments are lightfast and will not change or fade over time.

A very small amount of cobalt dryer has been added to the ink so it will dry within 2-6 days. Clean up with Gamsol Odorless Mineral Spirits (page 29). Made in Portland, Oregon.

Color samples are approximate.

## Gamblin Textile Black Ink

After seven years of printing woodblocks on over 30,000 T-shirts, Drive-By Press in collaboration with Gamblin has perfected a rich, dark black, linseed oil-based ink formulated for even coverage, quick drying time and color fastness on cotton fabrics. Heat set after it is dry. Holds up to repeated washing.

<b>K7740</b>	Textile Black Ink, 1lb can	<b>\$22.95</b>
--------------	----------------------------	----------------

## Tom Huck's Outlaw Black Relief Ink

The official ink of Tom Huck and Evil Prints, Outlaw Black is crafted by Gamblin Artist's Colors in Portland, Oregon. Outlaw Black is a very stiff, cool-black linseed oil-based ink designed for printing finely detailed blocks.

<b>K7742</b>	Outlaw Black Relief Ink, 1lb can	<b>\$22.95</b>
--------------	----------------------------------	----------------

## Gamsol Odorless Mineral Spirits

Most solvents are produced for the industrial paint industry where solvent strength and low cost take priority. Gamsol, available from Gamblin Artists Colors, is different. It comes from a family of solvents used in products that are expected to come into contact with the body, such as hand cleaners, cosmetics and food service equipment. For more information, see page 29.

**Shipping** Ships by UPS Ground only in the contiguous U.S. No UPS Air or USPS shipping is allowed. 128 fl oz cannot be shipped to CA, CO, CT, DE, MD, NH, RI, or UT due to regulations regarding VOCs (Volatile Organic Compounds). Only 33.8oz (1 quart) containers of Gamsol can be shipped to these eight states. MSDS (Material Safety Data Sheet) available on request.

<b>K7498</b>	33.8 fl oz (approximately 1 quart)	<b>\$20.25</b>
<b>K7499</b>	128 fl oz (1 gallon)	<b>\$52.50</b>

## Ink Cans, Pack of Six

Store oil-based ink in these seamless aluminum metal cans to keep it fresh and ready to use. Cover ink with a skin paper and wrap electrical tape around the lid to make it air tight. 2.5" in diameter and 2" tall. Each 4oz can holds approximately 1/2 cup (118ml) of ink.

<b>E5515</b>	Ink Cans, Pack of Six	<b>\$7.75</b>
<b>K7799</b>	Box of 500 27/8" Skin Papers	<b>\$9.95</b>

## Ink Knives

The steel blades have just the right amount of flex to mix oil-based ink easily. The rosewood handles are riveted onto the blade for durability. Made in the U.S.A.

<b>E4500</b>	1 1/4" wide Ink Knife, 7 1/4" long	<b>\$11.95</b>
<b>E4501</b>	1 1/2" wide Ink Knife, 7 1/4" long	<b>\$12.80</b>
<b>E4502</b>	2" wide Ink Knife, 7 1/4" long	<b>\$13.75</b>

# Baren

Hon Baren    Ball Bearing Baren    Murasaki Baren    Disk Baren    Standard Quality Baren    Takenokawa    Tsubaki Abura

## Premium Hon Baren

A *Hon Baren* is the ultimate tool for the serious Moku Hanga printmaker. The qualities of a *Hon Baren* are subtle, but once experienced these baren are clearly a superior printing tool. Each baren takes six months to a year of intense labor to create, requiring the skills of a true master craftsman.

The 8-*ko* (strand) baren is the most versatile and comes in three basic textures: coarse, for printing large areas on thick paper; medium (the most versatile) for general use especially on fine or medium paper; and fine, for printing delicate carving on thin paper. 12-*ko* and 16-*ko* baren are more expensive and designed for strong printing usually on heavy paper. All *Hon Baren* are 13cm (5<sup>3</sup>/<sub>16</sub>" ) wide.

**SPECIAL ORDER ONLY.** At the exchange rate when this catalog was printed, prices start at around \$1,100. Please call or email for current prices. After you place your order, our price will not increase. If the exchange rate improves by the time your Baren arrives, we will pass the savings on to you.

<b>A5801</b>	13cm (5.13") 8 Ko Hon Baren, Coarse	<b>special order</b>
<b>A5802</b>	13cm (5.13") 8 Ko Hon Baren, Medium	<b>special order</b>
<b>A5803</b>	13cm (5.13") 8 Ko Hon Baren, Fine	<b>special order</b>

## Ball Bearing Baren

These baren require only a minimal amount of pressure to pull a print, a definite plus if you print large editions or if you are suffering from arthritis or a repetitive stress injury to your hand or arm.

The metal plate holding the ball bearings sits on a cork disc with leather on the other side. The thick, twisted leather handle is very comfortable to hold. Cushioning keeps the ball bearings from rattling as the baren moves and the difference in price between cushioned and uncushioned is \$10.00.

378 Ball Bearing Baren approximate a 16-*ko* Hon Baren or a coarse Murasaki Baren, and are designed for printing large, flat color areas. 612 Ball Bearing Baren approximate an 8-*ko* Hon Baren or a medium Murasaki Baren, and are designed for general printing, fine lines and printing detailed areas. All Ball Bearing Baren are 14cm (5.5") wide; the metal disk holding the ball bearings is 12cm (4<sup>3</sup>/<sub>4</sub>" ) wide.

A5904 are in stock. Price varies depending on the current exchange rate. At the time that this catalog was printed, the price was \$259.00. The other baren are **SPECIAL ORDER ONLY**. Delivery time varies; allow at least six weeks for delivery. Please call or email for current prices. After you place your order, our price will not increase. If the exchange rate improves by the time your Baren arrives, we will pass the savings on to you.

<b>A5901</b>	378 ball bearings (top photo, for printing large areas)	<b>special order</b>
<b>A5902</b>	378 ball bearings, (for printing large areas, cushioned)	<b>special order</b>
<b>A5903</b>	612 ball bearings (bottom photo, most versatile)	<b>special order</b>

Top: A5902, 378 ball bearings  
Bottom: A5904, 612 ball bearings

## Murasaki Baren

A more affordable version of the *Hon Baren*. It uses the same backing disc as the *Hon Baren* but the coil is hand-twisted from a hard, synthetic cord that easily transfers pressure to the block. Includes a sample of Camellia Oil.

<b>A6025</b>	12.0 cm soft: delicate detail, less apt to leave baren marks on paper	<b>\$245.00</b>
<b>A6026</b>	12.0 cm medium: all-around general use, thin or medium paper	<b>\$190.00</b>
<b>A6027</b>	12.0 cm coarse: large areas, thick paper	<b>\$200.00</b>

## Disk Baren

This high tech plastic baren was designed by the famous Japanese printmaker and teacher Akira Kurosaki. The replaceable disc has many small bumps on the surface, simulating the points on a *Hon Baren* coiled pad, that apply pressure evenly across the paper as you print. No bamboo baren cover is used. Replace the disk when the bumps start to wear down. Comes with a sample of Camellia Oil, which is applied to the baren face so it will glide easily.

<b>A6035</b>	13cm (5 <sup>3</sup> / <sub>16</sub> " ) Disk Baren	<b>\$45.00</b>
<b>A6035R</b>	Replacement Disk	<b>\$19.95</b>

Medium Baren  
paper coil

Large Baren  
cotton twine coil

## Standard Quality Baren

These baren are constructed with lacquered cardboard disks and bamboo sheath covers. Because of price, many printmakers start with a Medium Baren. However the stiffer cotton twine coil in the Large Baren transfers the pressure from your arm more efficiently so you can pull a better print with less work. A sample of Camellia Oil is included.

<b>A6208</b>	11.0 cm (4.3") Medium, twisted paper coil	<b>\$9.95</b>
<b>A6209</b>	13 cm (5 <sup>3</sup> / <sub>16</sub> " ) Large, synthetic twine coil	<b>\$36.95</b>

## Takenokawa

### bamboo sheath

Eventually the *barengawa* (bamboo sheath) on a baren will wear out and need to be replaced. Complete instructions for recovering your baren can be found in the Learning Center on our website.

**A6450** at least 13.5 cm x 50 cm (19.7" x 5.3")

**\$3.95**

## Tsubaki Abura

### *Camellia japonica*, camellia oil

Just a drop of camellia oil applied to the sheath covering a baren helps keep it supple and prolong its life. Our Camellia Oil is cosmetic grade, so it is good for your skin. Use Camellia Oil to protect steel tool blades from rust. Apply a small amount to the blade after sharpening on water stones or before storing tools for a long time.

**A6660** 2.0 fl oz bottle

**\$12.85**

## Ategami

### back paper

This thin, waterproof paper creates a barrier between the baren and the damp printing paper, protecting them from one another and allowing the baren to move freely as you print.

**A6551** 11.75" x 16' (half roll)

**\$18.95**

**A6550** 11.75" x 32' (full roll) **SAVE 5%**

"L" on left

"L" on right

## Registration Boards

Eliminates the need to carve *kento* (registration marks) into the wood blocks themselves. Carve the marks into the "L" or use tape to make temporary registration marks. Place the inked block firmly into the corner of the "L" and use the marks to accurately position the printing paper on the block. Works best with blocks up to 12" x 16" in size and 3/8" in height. Complete instructions can be found in the Learning Center at [imcclains.com](http://imcclains.com).

Available with the corner of the "L" on the left or right side. The right side is more commonly used but some people, lefties especially, prefer to use their left hand to put the paper into the corner kento.

If you would like a different size, or a lower or taller "L," we will be happy to make it for you. Please allow up to one week for us to make custom Registration Boards.

**E4900L** "L" on left, 13" x 17" base board

**\$20.75**

**E4900R** "L" on right, 13" x 17" base board

**\$20.75**

### CUSTOM SIZE

**E4901** Custom Registration Board

**\$0.10 per sq. inch**

## Spot Printer

The print has gone through the press, you lift a corner to see how it looks and one small area needs a bit more ink. Out comes your handy Spot Printer and with a little rubbing, the ink transfers and the print is saved! The Spot Printer can also be used to pull prints and while it takes time, it is easier on your hand compared to using a spoon.

**A6718** 2" diameter, 2" tall

**\$9.95**

## Akua PinPress

The Akua PinPress is designed for the monotype printmaker who needs a portable and affordable press. Works especially well printing with Akua inks. The PinPress lets you create monotypes at home, in the classroom, or anywhere you travel.

The roller is precisely machined to an incredibly even and smooth surface for uniform contact between the roller, paper and plate. Durable all metal construction with aluminum and brass bushings insures long lasting, trouble-free printing.

For best results use a piece of tempered plate glass as the press bed. The PinPress will only take even impressions from very flat surfaces such as Scratch Foam, mylar, thin acrylic or polycarbonate Monotype Plates.

**A6714** 2" diameter x 20" long

**\$278.59**

# Washi

**Handmade Japanese Paper:** Nishinouchi Kizuki Hanga Kizuki Hoshō Echizen Torinoko Masa Dosa Yamashiro Kitakata Hoshō

**Quantity Discount** Different printing papers can be combined to qualify for quantity discounts.

**Shipping** Large sheets of paper are shipped rolled. If you prefer to have it shipped flat please let us know when you place your order. Shipping charges may be higher because of the size of the package.

## Washi Sample Book

Nothing compares to seeing and feeling the paper itself. Our Washi Sample Book lets you do this before investing in full sheets of paper. Also useful in identifying mystery papers in your studio. Includes all of the Japanese and western papers we carry.

**P6800** 3" x 5" book with 22 paper samples plus detailed descriptions of each paper and their suggested uses. **\$16.95**

## Group A Washi

This group includes our finest printmaking papers intended for Moku Hanga. They are all handmade with deckle edges on all four sides. The papers are medium to heavy weight and strong enough to easily withstand multiple printings from multiple blocks.

Nishinouchi

Kizuki Hanga

Kizuki Hoshō

Echizen Kozo Natural

Echizen Kozo White

### Nishinouchi

A great paper with a subtle brushed texture that accepts ink well, Nishinouchi is surprisingly strong and able to withstand repeated printings from multiple blocks. A good weight for book arts. This year the fiber content was changed so the mill could continue making the paper for the same price. We have tested it and see no difference in performance.

**Sized Handmade (4 deckle edges) 50% Northern Kozo + 50% acid free pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6801</b>	Natural	29.25" x 41.75"	60gm/sqM	<b>\$17.80/sheet</b>	<b>\$16.90/sheet</b>	<b>\$16.02/sheet</b>

### Kizuki Hanga

An exceptionally low price for 100% Kozo paper of this weight and size. Ideal for multiple block prints, Kizuki Hanga's weight and body make it easy to lay full size dampened sheets on the block.

**Sized Handmade (4 deckle edges) 100% Kozo**

	color	dimensions	weight	1-24	25-49	50+
<b>P6802</b>	Off-White	27" x 40.5"	135gm/sqM	<b>\$43.85/sheet</b>	<b>\$41.65/sheet</b>	<b>\$39.47/sheet</b>

### Kizuki Hoshō

The Echizen district's famous printmaking Washi, created by Living National Treasure Ichibei Iwano. 100% Kozo of the highest grade. Smooth surface; accepts water-based ink extremely well.

**Unsize Handmade (4 deckle edges) 100% Kozo**

	color	dimensions	weight	1-24	25-49	50+
<b>P6803</b>	Natural	18" x 21.5"	75gm/sqM	<b>\$37.80/sheet</b>	<b>\$35.90/sheet</b>	<b>\$34.00/sheet</b>

### Echizen Kozo

A fairly soft, dense, medium-weight paper, very smooth on one side. Imparts a bright look to water-based ink. Designed for moku hanga, works well for all relief printmaking techniques.

**Sized Handmade (4 deckle edges) 100% Kozo**

	color	dimensions	weight	1-24	25-49	50+
<b>P6808</b>	Natural	26" x 38"	55gm/sqM	<b>\$33.83/sheet</b>	<b>\$32.14/sheet</b>	<b>\$30.45/sheet</b>
<b>P6809</b>	White	26" x 38"	55gm/sqM	<b>\$33.83/sheet</b>	<b>\$32.14/sheet</b>	<b>\$30.45/sheet</b>

## Group B Washi

These versatile, sized papers are very good quality. They are either machine made or handmade, from a mixture of fiber and buffered, acid free wood pulp. Torinoko is strong enough to handle multi-block printing.

Torinoko White

Torinoko  
Dark Cream

### Torinoko

Very smooth and uniform on one side and fairly rough on the other, this heavyweight, machine made paper is sized for printing with water-based ink. Works well for gradation printing.

**Sized Machine made (no deckles) 70% Mitumata and 30% pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6853</b>	White	25" x 37"	145gm/sqM	<b>\$17.60/sheet</b>	<b>\$16.72/sheet</b>	<b>\$15.84/sheet</b>
<b>P6854</b>	Dark Cream	25" x 37"	150gm/sqM	<b>\$17.60/sheet</b>	<b>\$16.72/sheet</b>	<b>\$15.84/sheet</b>

Torinoko Lt Wt

### Torinoko, Light Weight

A uniform, fine-fibered handmade paper, translucent and soft to the touch. A lovely paper for book arts as well as printmaking techniques.

**Sized Handmade (4 deckle edges) 70% Gampi and 30% Mitsumata**

	color	dimensions	weight	1-24	25-49	50+
<b>P6855</b>	Cream	24" x 35.75"	50gm/sqM	<b>\$10.75/sheet</b>	<b>\$10.20/sheet</b>	<b>\$9.68/sheet</b>

## Group C Washi

This is a group of good quality printmaking paper at low prices. These papers are sized for printing with water-based ink. They contain a higher percentage of wood pulp than Group A or B papers, ranging from pH 6.5 to 7.5 (pH 7 is neutral).

Kozo-shi

### Kozo-shi

The surface of this paper is very smooth for even coverage when printing with water-based ink. A good choice for etching and chine collé as well. The paper fibers create a subtle swirling pattern. No laid lines.

**Inner Sizing (added to vat when paper is formed) Machine made (no deckle) Kozo and acid free sulphite pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6908</b>	Off-White	25" x 38"	36.5 gm/sqM	<b>\$6.43/sheet</b>	<b>\$6.11/sheet</b>	<b>\$5.79/sheet</b>

Shin Torinoko White

### Shin Torinoko

These machine made papers are the most economical sized printmaking paper that we carry. Very smooth on one side, with a felt-like quality on the other. This paper holds up well with Moku Hanga and multiple block printmaking as well as western style techniques.

**Sized Machine made (no deckle) 50% Manila linen (flax), 50% acid free pine pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6905</b>	White	24.75" x 37.5"	125gm/sqM	<b>\$4.95/sheet</b>	<b>\$4.70/sheet</b>	<b>\$4.46/sheet</b>
<b>P6907</b>	Cream	24.75" x 37.5"	120gm/sqM	<b>\$4.95/sheet</b>	<b>\$4.70/sheet</b>	<b>\$4.46/sheet</b>

Masa Dosa

### Masa Dosa

Crisp, bright white handmade paper with very subtle laid lines. Accepts ink well. It is thick and tough enough to print multiple blocks.

**Sized Handmade (4 deckle edges) Kozo and acid free pine pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6903</b>	White	22" x 32"	90gm/sqM	<b>\$8.95/sheet</b>	<b>\$8.50/sheet</b>	<b>\$8.06/sheet</b>

## Group D Washi

In this case, "D" stands for Diversity! These papers are mostly unsized and contain diverse fiber content. They range from pH 6.5 to 7.5 (pH 7 is neutral). Suitable for a variety of uses, including book arts and conservation as well as printmaking.

Usu Mino

### Usu Mino

A very thin, lightweight mending tissue that can be used for tracing as well as transferring a printed key block image to multiple blocks.

**Sized Probably machine made (no deckle) 70% Mitsumata and 30% acid free wood pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6951</b>	Off-White	21.5" x 31"	25gm/sqM	<b>\$2.95/sheet</b>	<b>\$2.80/sheet</b>	<b>\$2.66/sheet</b>

Yamashiro

### Yamashiro

A fine, lightweight paper with very subtle laid lines. Intended for use as a mending tissue, Yamashiro also works well transferring a printed key block image to multiple blocks.

**Sized Probably machine made (no deckle) Fiber content unknown, probably Kozo**

	color	dimensions	weight	1-24	25-49	50+
<b>P6952</b>	Natural	25" x 37"	25gm/sqM	<b>\$6.95/sheet</b>	<b>\$6.60/sheet</b>	<b>\$6.26/sheet</b>

## Group D Washi continued

Kitakata Green

Kitakata Natural

Bamboo

Mulberry

Hosho Professional

### Kitakata

This strong, smooth paper is excellent for relief printmaking, including wood engraving. Natural is a warm shade; green is a cool, light, greyish green.

**Unsize Handmade (4 deckle edges) 90% Philippine Gampi, 10% acid free wood pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6957</b>	Green	16" x 20"	30gm/sqM	<b>\$3.50/sheet</b>	<b>\$3.33/sheet</b>	<b>\$3.15/sheet</b>
<b>P6953</b>	Natural	16" x 20"	30gm/sqM	<b>\$3.50/sheet</b>	<b>\$3.33/sheet</b>	<b>\$3.15/sheet</b>

### Bamboo

This smooth warm-white paper works well with oil-based inks. It also works for Moku Hanga but may not dry flat after being dampened. Works well for proofing. A very useful paper for a very reasonable price. Acid free, neutral pH, very slightly textured surface.

**Unsize Machine made (no deckles) 90% Bamboo, 10% Cotton.**

	color	dimensions	weight	1-24	25-49	50+
<b>P7004</b>	Warm White	27.5" x 39.375"	105gm/sqM	<b>\$2.70/sheet</b>	<b>\$2.57/sheet</b>	<b>\$2.43/sheet</b>

### Mulberry

A fine textured, soft, naturally warm colored paper with very subtle laid lines. Mulberry is long fibered and strong. Made by Hiroko Tanino, who has been recognized by UNESCO (United Nations Educational, Scientific and Cultural Organization) for her preservation and continuation of traditional papermaking techniques.

**Unsize Handmade (4 deckle edges) 30% Thai Kozo, 70% acid free sulfite pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P6954</b>	Warm White	24" x 33.5"	45gm/sqM	<b>\$7.45/sheet</b>	<b>\$7.08/sheet</b>	<b>\$6.71/sheet</b>

### Hosho, Professional and Student

A very white handmade paper with subtle laid lines, known for its thick, fluffy texture. Hosho is very absorbent. Hosho Student has a slightly softer surface and a bit more texture than Hosho Professional.

**Unsize Handmade (4 deckle edges) 100% acid-free sulfite pulp**

	color	dimensions	weight	1-24	25-49	50+
<b>P7005</b>	Pro: White	19" x 24"	85gm/sqM	<b>\$4.62/sheet</b>	<b>\$4.39/sheet</b>	<b>\$4.16/sheet</b>
<b>P7006</b>	Student: White	18" x 22"	95gm/sqM	<b>\$3.05/sheet</b>	<b>\$2.90/sheet</b>	<b>\$2.75/sheet</b>

### Washi Cards

Handmade from 100% Kozo with four deckle edges, these elegant cards are perfect for creating works of art to sell or send to friends.

The cards are sized, so they will accept either water or oil-based inks equally well. Packaged in sets of five cards or envelopes.

	number and color	dimensions	
<b>P7200</b>	5 Postcards, Light Natural	4" x 6"	<b>\$9.95</b>
<b>P7202</b>	5 Foldable Cards, Light Ntl	6" x 8"	<b>\$15.35</b>
<b>P7210</b>	5 Envelopes	4.5" x 6.5"	<b>\$10.75</b>

## Western Printmaking Paper

High quality Western paper made from cotton linter. They are heavy, thick, opaque and designed to be printed on a press.

Arches 88

Rives BFK

### Arches 88

A bright white waterleaf paper with a smooth surface on both sides, Arches 88 is ideal for silk screen, lithography, intaglio and monotype.

**Unsize Mould made (2 deckle edges) 100% cotton**

	color	dimensions	weight	1-24	25-49	50+
<b>P7008</b>	White	22" x 30"	300gm/sqM	<b>\$7.75</b>	<b>\$7.36</b>	<b>\$6.98</b>

### Rives BFK

A classic, bright white printmaking paper with a slightly textured surface, Rives BFK can be used for western printmaking techniques.

**Internally Sized Mould made (2 natural deckles, 2 torn deckles) 100% cotton**

	color	dimensions	weight	1-24	25-49	50+
<b>P7012</b>	White	22" x 30"	280gm/sqM	<b>\$7.20</b>	<b>\$6.84</b>	<b>\$6.48</b>

## Newsprint

30# newsprint, smooth on both sides, takes ink very well. Not acid free. Good for proofing. Made from recycled paper. Sheets are approximately 18" x 24" give or take about a half inch. Sold by weight so the number of sheets may vary.

<b>P7050</b>	1.5 lb, approx. 50 sheets	<b>\$4.95</b>
<b>P7055</b>	3.0 lb, approx. 100 sheets	<b>\$9.75</b>

## Glassine

Our Glassine is acid free, neutral pH and approved for archival purposes. It is used to package and protect art work. Sheets are 24" x 36". Glassine paper is slick, grease resistant, has a high resistance to the passage of air, and is almost impervious to the passage of water vapor. Very smooth, semi-transparent.

<b>P7020</b>	1.0lb, approx. 25 sheets	<b>\$29.75</b>
<b>P7025</b>	3.5lb, approx 65 sheets <b>SAVE 5%</b>	<b>\$69.60</b>

## Self Healing Cutting Mats

These high quality cutting mats come with one green and one black side. Both sides have grid lines to help you cut accurately. The mats are very durable and 3mm or a little less than 1/8" thick. The outer layers, printed with grid lines, are semi-soft vinyl. The inner layer is harder and provides the self-sealing qualities. Designed to be used with rotary or Exacto® blades.

<b>E5030</b>	12" x 18"	<b>\$17.85</b>
<b>E5031</b>	18" x 24"	<b>\$29.95</b>

## Dosa Kit

This kit includes everything you need to make one gallon of *dosa* (paper sizing): 8oz of the highest grade rabbit skin glue, very finely ground so it will dissolve in water quickly; 4oz of alum; and detailed instructions. Animal skin glue is also traditionally used as a fixative for dry pigments.

<b>E5800</b>	Dosa Kit + instructions	<b>\$11.95</b>
<b>E5810</b>	Dry Animal Skin Glue, 8 oz (20 Tbsp.)	<b>\$8.00</b>

## Journey to Hokusai

with Tom Killion, filmed by Chikara Motomura

A successful, western printmaker deeply touched by the art of Hokusai journeys to Kyoto, Japan to learn Moku Hanga from Kenji Takenaka, a 5th generation printmaker. This film also examines the source of aesthetics found in Japanese art, craft and lifestyle.

**R2640** 1 hour 30 minutes, view trailer at [vimeo.com/355736854](http://vimeo.com/355736854) **\$29.00**

## Becoming Made

with Mary Brodbeck

A beautiful documentary about the creative process of Moku Hanga. Includes interviews on the value of creative work. For those hoping to be inspired, or wishing to inspire others, in art and in this printmaking process.

**R2660** 35 minutes, view trailer at [vimeo.com/112420838](http://vimeo.com/112420838) **\$18.00**

## Japanese Woodcut Workshop A Course in Four Sections

with Izumi Kuroiwa

Think of this DVD as a week long workshop plus a refresher course that you can watch any time you like. Engaging and inspiring.

**R2501** 75 minutes, bookmarked **\$59.95**

## Relief and Intaglio Printmaking Methods on Resingrave Blocks, New Edition

with Richard Woodman

This DVD explores how to create relief engravings or intaglio prints using Resingrave from a master engraver. Even though Resingrave is no longer available, this DVD is full of useful and helpful ideas.

**R2701** 106 minutes, 2 discs, bookmarked **\$41.95**

## Painterly Printmaking with Monotype

with Julia & Gail Ayers

Using the PinPress monotype roller and nontoxic Akua inks, Gail and Julia use brushes, brayers, Q-tips, fingertips, Needle Applicators and lint free cloths to create their images.

**R2620** 104 minutes **\$39.95**

## Safer Printmaking with Akua Water-based Inks

with Susan Rostow, William Jung and friends

In addition to information on color mixing, modifiers, and applicators, learn how to create reductive, additive and viscosity monotypes; Akua Intaglio prints; four-process color photo-intaglio prints; and more.

**R2601** 53 minutes, bookmarked **\$25.00**

## Between Ink And Paper

with Catherine Kernan

Expands on the basic information in *Safer Printmaking with Akua Water-based Inks* with exciting new ideas and techniques. Using Akua Liquid Pigment and Akua Intaglio inks in an inventive woodcut and monoprint process, Kernan uses offsets to plastic, viscosity rolls, and pulls ink from one block to another to create new images.

**R2630** 85 minutes **\$39.95**

## Your First Print

by David Bull

This RichMedia eBook contains text, illustrations, high resolution photographs and dozens of video and audio clips describing the making of a woodblock print using traditional Japanese techniques. Now only available as a download at [mokuhankan.com/catalogue/0057.php](http://mokuhankan.com/catalogue/0057.php)

# Books

## Making Japanese Woodblock Prints

by Laura Boswell

Excellent color photos and detailed step-by-step instructions, from designing multi-block images to finished print. Includes info on carving kento registration and a great troubleshooting guide.

**R2524** 96pp, soft, 9.5" x 6.8" **\$22.95**

## Japanese Woodblock Print Workshop

A Modern Guide to the Ancient Art of Mokuhanga

by April Vollmer

A how-to handbook with illustrated explanations of technique and tips on combining moku hanga with other printmaking styles. Includes information on Japanese paper, tools, materials, and resources. Intended to make this water-based technique accessible to contemporary artists.

**R2525** 256pp, hard, 8.25" x 10.25" **\$29.99**

## The Art and Craft of Woodblock Printmaking

Woodblock Printmaking with Oil-based Inks and the Japanese Watercolor Woodcut

by Laitinen, Moilanen and Tantt

No relief printer's library is complete without this thoroughly researched, accurate, encyclopedic book. The instructions are clear and easy to understand. Both line drawings and photos, many in color, illustrate the text.

**R2514** 288pp, soft, 9.7" x 8.4" 2nd edition **\$57.95**

## Japanese Woodblock Printing

by Rebecca Salter

From a brief history to a discussion of materials and their use and care, followed by a thorough description of methods and techniques, this book is full of ideas, tips and information. Full color illustrations.

**R2520** 128pp, soft, 6" x 9.5" **\$21.99**

### **Mokuhanga Fundamentals** by Terry McKenna **NEW!**

Detailed step-by-step instructions on the basic techniques for designing, carving and printing, guide you from start to finish. The style is conversational and the book is lavishly illustrated with excellent, clear photos and drawings of every step.

**R2526** 159pp, soft, 8.25" x 11.7" **\$39.95**

### **Creative Print** by Terry McKenna

**NEW!**

Take Mokuhanga to the next step! This unique book takes you to new levels of creative design, transfer, carving and printing to give your work enhanced complexity and visual interest. For artists working to build their abilities and produce exciting, contemporary work.

**R2527** 250pp, soft, 8.25" x 11.7" **\$48.50**

### **Sharp Tools** by Terry McKenna

**NEW!**

Step-by-step, with 150 photographs and 50 hand-drawn process illustrations, this manual is an essential guide to sharpening tools yourself. Sharp tools save you time and effort by cutting cleanly and disturbing uncut wood far less. They are essential for carving more detailed images.

**R2529** 64pp, soft **\$25.00**

### **Woodblock Prints** by Richard Steiner

**NEW!**

A collection of 71 prints from internationally known Moku Hanga artist and teacher, Richard Steiner, from his exhibit, "50 Years of Woodblock Printmaking," plus 11 bonus prints. The prints from his very personal journey range from playful to serious and are always honestly original. Signed by the artist.

**R2541** 70pp, soft, 11 3/4" x 8 1/4" **\$36.25**

### **Linocut and Reduction Printmaking**

**NEW!**

by Laura Boswell

Divided into three parts, this book contains creative advice and instructions on choosing tools and materials, drawing and design, creating reduction layers and building up colors. Over 300 illustrations are used. A very useful resource for woodcut artists interested in making reduction prints as well.

**R2528** 160pp, cloth, 8.75 x 10.5 **\$55.00**

### **Linocut for Artists & Designers**

by Nick Morley

Excellent, thorough instructional book with full-color illustrations and photos showing each step. Includes design ideas, advice on hand printing as well as using presses, multiple block and reduction printmaking, carving tips and more. A very useful resource for woodcut artists too.

**R2540** 176pp, soft, 11.25" x 8.6" **\$29.79**

### **Moku Hanga Primer: Making Woodblock Prints**

by Robert McClain

Written in an easy, conversational style by the founder of McClain's, this description of Japanese woodblock printing materials and techniques is concise and informative. Illustrated with drawings by the author.

**R2504** 9pp, soft, 8.5" x 11" **\$8.50**

### **The Woodcut Artist's Handbook**

by George A. Walker

Western style woodcut as well as wood engraving techniques are covered. Detailed line drawings and full color block prints illustrate descriptions of techniques and the tools used.

**R2516** 168pp, soft, 6.25" x 9.5" **\$29.95**

### **Relief and Intaglio Printmaking Methods on Resingrave Blocks**

by Richard J. Woodman

Even though Resingrave is no longer available, this book contains useful information about engraving including how to sharpen tools. Illustrated with photos, line drawings and prints by the author.

**R2510** 30pp, soft, 8.5" x 11" **\$15.95**

### **Wood Engraving, How To Do It**

by Simon Brett

The classic, comprehensive book on wood engraving. It clearly explains the process of engraving and printing, material requirements and changes in engraving practices. The illustrations are especially inspiring and very helpful. Highly recommended.

**R2506** 160pp, soft, 6.75" x 9.6" **\$25.95**

### **Monoprinting**

by Jackie Newell & Dee Whittington

The authors share the basics of making monoprints and then they cover how to push the boundaries with a wide variety of techniques. Both instructional and inspiring. Illustrated with color photos.

**R2535** 128pp, soft, 6" x 9.5" **\$29.95**

### **Relief Printmaking: Woodcut and Linocut**

written and illustrated by Royden Card

This book is both informative and inspirational. Written with the beginning student in mind, the illustrations provide any printmaker with an incentive to experiment.

**R2511** 63pp, spiral, 8.5" x 11" **\$19.95**

# McClain's Swag

## McClain's Big Canvas Tote

Made with heavyweight 12oz canvas, with two-ply handles and a reinforced bottom, this sturdy tote is made to carry heavy loads.

A zip-top secures the contents in the main bag while a front pocket holds small items. This big 16" x 20" x 6" tote holds 12" x 16" blocks and still zips up, or it can hold up to 16" x 20" blocks if you don't mind them sticking out the top.

**E2017** 16" x 20" x 6" **\$18.98**  
(40.6 x 50.8 x 15.24cm)

## McClain's Lightweight Tote

Just right for a few books or art supplies. Made of light-weight cotton sheeting with reinforced straps. Fill with small supplies and tuck into your Big Canvas Tote!

**E2016** 12.5" tall x 12" wide **\$4.95**  
(31.75 x 30.5cm)

## McClain's Apron

Made from sturdy, black, 65/35 polyester/cotton with McClain's logo embroidered in red and light gray on the front.

These aprons have extra long 34" ties and an easily adjustable neck strap that stays where you put it. The apron has two large pockets and a pencil pocket. Wash and dry normally; will not shrink.

**E2015** Apron: **\$22.50**  
22.5" wide x 33.5" long

## McClain's Logo Mug

Of course you use kento! But if you're not sure what the heck we are talking about, this mug comes with detailed instructions for using traditional Japanese kento registration, an amazingly accurate way to register paper onto a block. Once you try it, you'll never use anything else. Now you can also be in the know!

This classic ceramic mug holds tea, coffee, cocoa, root bear floats, whiskey, brushes, pencils, anything you like. Makes a great gift for any relief printmaker including yourself.

**E2012** "When you know, you Kento" 11oz mug **\$8.95**

# Safety and Clean Up

## Ansell TouchNTuff® Nitrile Gloves

Gloves provide the best protection from ink and chemicals for your hands. Nitrile is non-allergenic and tougher than latex. These gloves are textured for better gripping and lightly powdered inside so they are easy to pull on and off.

**E1020** Small, size 6 1/2 - 7, box of 100 (smaller hands) **\$29.26**  
**E1022** Large, size 8 1/2 - 9, box of 100 (fits most) **\$29.26**  
**E1024** Extra Large, size 9 1/2 - 10, box of 100 (big hands) **\$29.26**

## Allway Scraper

The right tool for efficiently scraping ink off of glass slabs and other work surfaces. A scraper works much better than an ink knife, saving on towels and cleaners.

**E4505** Scraper + 5 Blades **\$4.60**  
**E4506** 5 Replacement Blades **\$0.95**  
**E4507** 100 Replacement Blades **\$18.00**

## SavvySoap Hand and Brush Cleaner

Made primarily from corn oil, SavvySoap removes paint, ink and grime; restores bristles even from hardened brushes; gets ink out of clothing; neutralizes solvent odors plus it is kind to your skin. Because it contains no harmful terpinol or petroleum compounds, it is environmentally safe and biodegradable. Works with or without water and has a clean citrus scent. Conforms to ASTM D 4236 guidelines.

<b>E1002</b>	SavvySoap® Travel Size 2oz	<b>\$4.95</b>
<b>E1015</b>	SavvySoap® 16oz bottle	<b>\$16.95</b>
<b>E1012</b>	SavvySoap® 1 Gallon	<b>\$45.95</b>
<b>E1011</b>	Pump for Gallon container	<b>\$4.95</b>
<b>E1013</b>	SavvySoap® 1 Gallon, with Pump <i>Save!</i>	<b>\$49.90</b>

## SkinSafer Barrier Cream

SkinSafer protects your hands from inks, paints, glues and grime. SkinSafer is greaseless and has a mild peppermint scent. Apply before messy jobs to protect hands and speed washing up. Conforms to ASTM D 4236 guidelines.

<b>E1004</b>	SkinSafer® Barrier Cream 4oz jar	<b>\$9.85</b>
<b>E1006</b>	SkinSafer® Barrier Cream 16oz jar	<b>\$20.95</b>

## Dine-A-Cloths

These are the best lint free cloths we have found for cleaning brayers, wiping rollers, removing ink from glass slabs and general clean up. If you are using water-based ink, you can wash the Dine-A-Cloths and reuse them again and again.

<b>E1030</b>	Pack of Five	<b>\$10.25</b>
--------------	--------------	----------------

## Nail Brush

These brushes have a row of bristles on each side, and work well for rubbing soap into brayer rollers as well as cleaning fingernails. Natural bristles are mounted into a hardwood handle.

<b>E1035</b>	1 5/16" x 3 5/8" (9.2 x 2.5cm)	<b>\$11.65</b>
--------------	--------------------------------	----------------

## Gamsol Odorless Mineral Spirits

Most solvents are produced for the industrial paint industry where solvent strength and low cost take priority. Gamsol, available from Gamblin Artists Colors, is different. It comes from a family of solvents used in products that are expected to come into contact with the body, such as hand cleaners, cosmetics and cleaning food service equipment.

Gamsol is a petroleum distillate with 99.995% of the aromatic solvents, which are the most harmful part of petroleum solvents, refined out of it. It is odorless and non-toxic when used as recommended. Gamsol contains no hazardous air pollutants or ozone depleting compounds. It cannot be absorbed through healthy skin, plus it evaporates 100% and has a much higher flash point than turpentine or hardware store mineral spirits for studio safety. That said, wear gloves when cleaning up with Gamsol and store oil-soaked rags in an Oily Rag Safety Can (such as those offered by JustRite) until they can be disposed of safely. Or, soak rags in water, place them in an old jar or similar container and dispose of them outside in your household garbage can or dumpster.

**Shipping** Ships by UPS Ground in the contiguous U.S. only. No UPS Air or USPS shipping is allowed. 128 fl oz cannot be shipped to CA, CO, CT, DE, MD, NH, RI, or UT due to regulations regarding VOCs (Volatile Organic Compounds). Only 33.8oz (1 quart) containers of Gamsol can be shipped to these eight states.

MSDS (Material Safety Data Sheet) available on request.

<b>K7498</b>	33.8 fl oz (approximately 1 quart)	<b>\$20.25</b>
<b>K7499</b>	128 fl oz (1 gallon)	<b>\$52.50</b>

## Our Guarantee and Service

**McClain's Guarantee** We sincerely want you to be satisfied with any product you receive from us. If you are not satisfied with an item, please contact us and arrange to return it within a reasonable time for exchange or a refund in the manner of the original payment.

The only exception to this policy is paper. Due to the fragile nature of paper and the possibility of damage in return shipping, we cannot accept returns. We strongly recommend purchasing a Washi Sample Book or one or two sheets of paper to test before buying a large quantity.

The hard steel blades on Japanese tools can chip or break due to inexperience or carving habits acquired from using poor quality or dull tools. The smallest sizes are especially vulnerable to breaking because there is not a lot of metal there. Misuse is the responsibility of the person using the tool, but if you feel that there might be a defect, please contact us. We will ask you to return the tool to us either for repair or replacement at our discretion.

Our obligation is limited to the cost of the item; shipping costs are not covered. A restocking fee equal to 10% of the value of the item will be charged for items returned after three months. We are not responsible for damage caused by misuse or abuse of our products.

**Returns and Exchanges** Authorization is not required if you decide to return or exchange an item. Simply choose from the following options:  
1) Return the item to us with a note inside the package telling us if you would like an exchange or refund. We will take care of your request as soon as we receive your package.

2) For faster service, place an order for the replacement item(s) through our website or call 800-832-4264 (U.S.) or 503-641-3555 (local or international). We will charge you for the new order and ship it to you as soon as possible. Send back the original item, including a note telling us if you would like a credit or refund. When we receive your return, we will either issue the refund or credit your account for the cost of the original item.

Our obligation is limited to the cost of the item; shipping costs are not covered. A restocking fee equal to 10% of the value of the item will be charged for items returned after three months.

**Correcting Mistakes** If we make a mistake filling your order, please phone or email us and we will correct it immediately. If a return or exchange is necessary, all shipping costs will be covered.

**Pricing** We make every effort to maintain stable prices. However, the price of many supplies is greatly affected by the exchange rate between the U.S., U.K. and Japan. Occasionally an increase cannot be avoided and we reserve the right to adjust prices without notice. Please visit [imcclains.com](http://imcclains.com) for the most current prices.

### Professional Services

**Tool Sharpening** Any Japanese woodcut tool purchased from McClain's can be returned to Japan for professional sharpening. To hold down shipping and handling costs, tools are returned to Japan at the end of every odd month. Allow eight to twelve weeks for tools to make the round trip.

Daniel Jasa and Brad Owens in the U.S. also sharpen carving tools from any manufacturer and the turn-around time is much faster. Please go to [www.imcclains.com/profservices.html](http://www.imcclains.com/profservices.html) for more information.

**Technical Questions** The printmakers at McClain's are happy to talk with you about any printmaking questions you might have. For orders and technical questions, call 800-832-4264. For technical questions only or to exchange printmaking ideas, please call 503-641-3555.

**Gift Certificates** Gift Certificates come in any amount you choose. They can be delivered to the giver or receiver by email or Priority Mail. Our Gift Certificates are honored for two years after purchase.

## Shopping at McClain's

McClain's is a mail-order-only business. **We do not have a store front and we are not open to the public.** Orders can be placed by phone, fax or on our secure internet site at [imcclains.com](http://imcclains.com).

### Phone or FAX Orders

U.S.: 800-832-4264 Fax: 503-641-3591

Local: 503-641-3555 International: 001+1+503-641-3555

**Mail Orders** You can tear out or photocopy the order form on the next page and mail it to us with your payment. If you are paying by check or money order, please call, fax or email your order to us. We will pack the order and let you know the exact total including shipping.

**Hours and Holidays** Our office hours are 10:00 AM to 5:00 PM Pacific Time (1:00 to 8:00 PM Eastern Time), Monday through Friday. We are closed on weekends.

In 2023, McClain's will be closed on the following days: January 1, New Year's Day; May 29, Memorial Day; July 4, Independence Day; September 4, Labor Day; November 23 and 24, Thanksgiving; and December 25th, Christmas Day.

### Payment

**All transactions are retail only** We do not offer wholesale pricing. Quantity discounts are available on many items (see below). Orders are not shipped until payment is received unless other arrangements have been made in advance.

**Check or Money Order** If you wish to pay by check or money order, please email or call us with your order. We will pack the order and contact you with the total due including shipping. We accept checks or money orders in U.S. dollars. A \$15 refiling fee is assessed on checks returned from the bank for insufficient funds.

**Credit Cards** We accept Visa, MasterCard, Discover and American Express credit and debit cards. We do not keep credit card numbers on file.

**Invoices** Purchase orders are accepted from established businesses and institutions. Please contact us for quotes. Oregon does not have a sales tax, so none is charged. We invoice on the day of shipping. Terms are Net 30 days from date of invoice. Shipping is F.O.B. McClain's, Beaverton, OR. After 30 days any unpaid balance will be considered delinquent and subject to a financial charge of 1.5% per month (18% APR). Over 60 days, a rebilling fee of \$5.00 is added to the total due.

**Quantity Discounts** Quantity discounts are available on Shina wood blocks, ArtPrint Linoleum, Gomuban, Monotype Plates, certain carving tools and sets, Akua Ink sets, Caligo Safe Wash Relief Ink sets, Gamblin Relief Ink sets, Cuppers and all printmaking papers. For a complete list go to [imcclains.com/volumediscounts.html](http://imcclains.com/volumediscounts.html).

**Hard Copy and Downloadable Catalogs** New hard copy catalogs are published approximately every twelve months. Any errors are unintentional. Thank you for your help in calling them to our attention.

**Catalog with an Order** Feel free to request a copy of the catalog whenever you place an order. We are happy to send free catalogs to teachers for their own use and to give out to their students.

**Catalog without an Order** Download our most recent catalog by clicking on the catalog cover at the bottom of the left navigation sidebar on our website and print your own copy for free. If you prefer to receive a hard copy catalog by mail, there is a \$5.00 fee to cover the cost of the catalog plus shipping by First Class Mail within the U.S., \$10.00 to send the catalog internationally.

## Shipping Information

We do our best to ship orders within two business days. However during busy times of the year, especially around the start of school terms and early winter, it may take longer for us to ship your order. If you need your supplies by a specific date, please tell us or let us know in the box marked "Special Instructions" in the shopping cart and we will do our best to make sure your order arrives in time.

Shipping rates are based on our actual cost from the carrier plus a small packaging fee. If you wish to know the exact shipping amount, please call, email or ask us in the box marked "Special Instructions" in the online shopping cart and we will be happy to give you all of your shipping options. Otherwise we will use the least expensive method. McClain's ships using either U.S. Mail or UPS. We recommend shipping by UPS because:

- Packages that do not arrive on time are easily located through the UPS tracking system at [www.ups.com/track](http://www.ups.com/track)
- UPS guarantees the delivery date and then delivers on time very consistently
- Ground UPS shipping is usually less expensive if the package weighs more than 5lbs.

Orders to schools and universities are always shipped by UPS because someone signs for the package, making it easy for you to locate.

If you request that the UPS driver deliver the package without getting a signature, we will honor your request. However, in doing so you are accepting liability for the loss of the package. Neither UPS nor McClain's will reimburse you should the package be misplaced or stolen.

If you decide to have your order delivered to a different address after it has been shipped, UPS can locate the package and make this change. This will add several days onto the delivery time and you will be charged \$13.40, the same amount UPS charges us for making this change.

US Mail cannot track packages that are still in transit and they have a 30 day waiting period before considering insurance reimbursement. However, depending on destination, Priority Mail takes two to three days to be delivered, and it is usually less expensive than UPS for packages weighing 5lbs or less.

If you are facing a deadline, we can ship your order by Express Mail, UPS 3-Day Select, 2-Day or Next Day Air. Please let us know if you need your order by a particular date so we can let you know if there will be any problem with your chosen method of shipping.

### Shipping By A Different Carrier

If you wish us to use a carrier other than UPS or U.S. Mail, let us know that you will be using a different carrier in the box labeled "Special Instructions" in the shopping cart. Our normal packing fee will be charged but you will not be charged for shipping. We will let you know when the package is ready to be picked up. Send a request to your carrier asking them to pick up the package using a return shipping label (DHL calls this service "Pickup and Return on Demand" (PROD) and FedEx calls it "Express Tag").

### Shipping to Alaska and Hawaii

Orders to Alaska and Hawaii are only sent by USPS Priority Mail unless you specifically request otherwise. Please call or email if you would like an estimate of the different shipping costs.

### International Shipping

Recipients of international shipments are responsible for all duty and taxes. Call 011+1+503-641-3555 to place orders by phone or order through our secure website. We will pack your order, contact you with your shipping choices and rates, and then wait for your decision before charging anything on your credit card or shipping the order to you. For more information about international shipping, please go to [imcclains.com/internationalship.html](http://imcclains.com/internationalship.html).

### Will Call (Suspended until further notice due to COVID restrictions)

You can arrange to pick up your order at the PNCA (Pacific Northwest College of Art) Library in Portland, OR. There is a \$3.00 charge per package to cover packaging and delivery. Will Call orders must be placed before 5:00pm on Tuesday. Orders will be available for pick up starting Thursday morning, no exceptions. As a courtesy to PNCA, orders must be picked up within one week. Be sure to give us the name of the person picking up the order; PNCA will check ID.

PNCA is at 511 NW Broadway, Portland, OR 97209. Directions and a map can be found at [pnca.edu](http://pnca.edu). You can only enter the building between 9:00am and 9:00pm unless you are a PNCA student or faculty member. However the PNCA Library's hours are different from the school's and they vary depending upon the time of year. Their hours can be found at [library.pnca.edu](http://library.pnca.edu).

### Backorders

Occasionally we have to backorder an item. You are not charged for the item until it is shipped and no additional shipping is charged on backordered items. We automatically ship backorders that can be filled within one month after the order was placed. After that, we will contact you to make sure you still want the item before we ship.

### Damaged Shipments

Open and inspect your order as soon as you receive it. If an item has been damaged in shipping, please keep it and save all of the packing materials. Call or email us and we will take care of the problem.
